SUMMARY

Tech maverick who turns complex problems into elegant solutions. Self-driven learner who masters new technologies in days, not months. Known for building seamless user experiences while writing code that makes other developers smile.

EXPERIENCE

- Intern at Neocosmix as Web-Developer.

[Sept'23-Sept'24]

Key Responsibilities :

1. Gained hands-on experience in frontend and backend development, focusing on creating responsive interfaces using HTML, CSS, JavaScript, React, Nodejs, Express, MongoDB.
2. Improved debugging and problem-solving skills by identifying and resolving application performance issues.
3. Collaborated with cross-functional teams, enhancing project coordination and communication skills.

PROJECTS

- BrainX (Mental Wellbeing Website)

Github : <https://github.com/KHUSHI1324/BRAINX>

About:

1. Developed a mental wellness platform using the MERN stack, Tailwind CSS, and Firebase, enabling real-time communication through WebSocket and secure user authentication with JWT and bcrypt.
2. Integrated features like real-time chat, meeting scheduling with Calendly and AI-powered chatbot support, enhancing user engagement and accessibility to mental health resources.

Key Learnings:

1. Developed a mental health platform using the MERN stack (React.js , Node.js , MongoDB , Express.js) , Tailwind CSS, Firebase, Node mail and Redux.
2. Built RESTful APIs for seamless communication between the client and server.
3. Connected users with professional therapists for individual, couple therapy, and psychiatry sessions.
4. Integrated real-time chat, 1:1 meeting scheduling with Calendly.
5. Implemented secure user authentication and AI-powered chatbot support and Firebase for real-time email notifications using Node mailer.
6. Enhanced expertise in full-stack development, real-time communication.

PRACTICE PROJECTS

- ChatNex (Chat messaging website)

Github : <https://github.com/KHUSHI1324/ChatNex/tree/master>

About:

1. Developed a real-time chat application using the MERN stack with secure JWT-based authentication and WebSocket for instant messaging.

- 2.Designed a modular architecture in React, enabling media sharing and efficient data management with MongoDB for enhanced user experience.

Key Learnings:

- 1.Developed a robust messaging system using WebSocket, enabling instantaneous, lag-free interactions for an enhanced user experience..
- 2.Implemented advanced JWT-based authentication and password hashing with bcrypt to ensure data security and user privacy.
- 3.Designed a modular, component-based UI with React.js, and utilized Node.js and MongoDB for efficient management of concurrent users and large datasets.
- 4.Integrated features like media sharing and group chats, leveraging MongoDB for effective data storage and retrieval.

• WitWare (E-Commerce Website)

Github : <https://github.com/KHUSHII324/WitWare>

About:

- 1.Developed a feature-rich e-commerce platform using the MERN stack, incorporating secure JWT-based authentication, bcrypt for password hashing, and a dynamic product carousel.
- 2.Enhanced user experience with modern UI/UX design, real-time notifications, seamless add-to-cart and checkout functionalities, and integrated a secure payment gateway using Stripe.

Key Learnings:

- 1.Developed a full-stack e-commerce platform using the MERN stack, featuring modern UI/UX design and seamless user experiences.
- 2.Implemented secure JWT-based authentication and Bcrypt for password hashing, ensuring robust security for user data.
- 3.Designed and integrated key functionalities, including add-to-cart, checkout, and secure payment gateway for a complete shopping experience.
- 4.Built dynamic features such as a product carousel and real-time notifications to enhance user engagement and interactivity.
- 5.Optimized backend and frontend for efficient performance, enabling users to explore and search products smoothly across the platform.

SKILLS

Technical Skills:

- HTML, CSS, JavaScript
- React, Node, MongoDB, Express.js
- Web socket, Firebase, Redux

Soft Skills:

- Communication
- Problem resolution
- Adaptability

HOBBIES & INTERESTS

- Social Networking
- Reading books
- Travelling

EDUCATION & TRAINING

2021-Present

The ICFAI University , Jaipur , Rajasthan - Present B.tech - Computer Science Engineering
Creative Public School 2012-2021 RBSE , Class - XII
